OBJECTIVE OF RFP

The objective of this REP is to offer experienced Security companies the opportunity to present a thoroughly detailed Proposal of their expertise and qualifications to the School District. The Proposal will detail the Proposer's experience and expertise in assisting school districts of similar size.

This Proposal specifically requests that all Proposers present their qualifications and experience in Security Services management (please see Proposal Requirements and Proposal Format).

The School District will select the Proposal, if any, that it deems most qualified to serve the best interests of the School District, in its sole discretion. The Contract will be awarded, if at all, to the lowest responsible Contractor who provides the best value, while meeting specifications as determined by the Board of Education. Proposals should be submitted on the premise that Ecorse Public Schools intends to contract as a single unit, and that the Proposal must be acceptable to the Board. Acceptance of a Proposal by Ecorse Public Schools does not constitute a Contract. The final Contract document will be subject to negotiation and the Board will approve execution of a Contract. While the financial responsibility of the contractor is a significant concern, the Board is equally concerned with the proven ability of the Contractor to satisfactorily perform the Contract so that the services will be provided in accordance with the proposed Contract.

Ecorse Public Schools expects the Contractor to continuously use its expertise in order to streamline operations and costs while maintaining service levels, complying with Board policy and safety guidelines. Periodically, Ecorse Public Schools will request the Contractor to identify and implement operational efficiencies that will lead to cost reductions in security services as cost reductions are pursued in other Ecorse Public Schools services. Savings will accrue to Ecorse Public Schools in accordance with a decrease in Security staffing. All Proposers are required at a minimum to submit a base bid.

The RFP will be based on the premise that the proposer shall provide all equipment necessary. The Contractor shall be liable for any misuse or injury caused by the operation of the equipment. If the Contractor wishes to purchase equipment, the Contractor may do so at their own expense. The Contractor will maintain ownership of such equipment.

PURPOSE

The purpose of this RFP is to possibly establish a contractual relationship with an experienced and qualified Firm to provide Security Services to the School District in the most efficient and cost-effective manner possible while, at the same time, maintaining quality of service, safety and reliability. The School District may select one or more experienced and qualified Firms to proceed with the negotiation process from those submitting Proposals. The process will include the review and evaluation of methods and procedures used to provide Security Services within the scope of this RFP. Past experience will also be judged by the references of each Proposer. A major portion of the negotiations will include the financial terms of the Contract.

TERM OF CONTRACT

It is the intent of the School District to award a contract to one or more Contractor(s) for Security Services for all School District Facilities. The Contract is expected to begin on July 1, 2017 for a period of one (1) year, with an option for the School District to extend the Contract on a year-to-year basis subject to approval by the School District's Board of Education, in its sole and absolute discretion. Nothing requires the School District to agree to extend the Security Services Contract beyond the initial

one (1) year term. As specified elsewhere in this RFP, the Contractor is required to provide a one (1) year price guarantee.

If the Contractor seeks to have the Contract extended beyond the initial term, the Contractor must provide the upcoming fiscal year's fee schedule at least one hundred twenty (120) days before the Contract anniversary date.

The Contract is for 10-months-per-year and requires Security Services to be performed during school breaks and during the summer.

Contractors shall provide hourly pay rates (or pay rate ranges) and a list of benefits offered to all employees that would be placed to work in the School District.

EMPLOYEE EXPECTATIONS

All of Contractor's employees are to present themselves in an appropriate manner and attire consistent with the School District's Board policies and the School District's administrative guidelines. The School District reserves the right to seek removal of any employee of the Contractor whose moral conduct, behavior, health habits or appearance are unsatisfactory. Such employee will be removed as soon as possible upon being brought to the Contractor's attention. The School District's decision shall be final. The School District agrees not to use this right arbitrarily or capriciously.

All of the Contractor's employees assigned to the School District must meet the following requirements:

They must be...

- Able to read, write, and speak English fluently, and to use courteous language
- Able to interact positively and appropriately with students, school employees, and the public
- Able to productively work with minimal supervision
- Able to handle special duties or situations as they arise
- Competent persons who are well trained in the area of work assigned

- Cooperative with School District staff and with other Contractors' employees
- Alcohol-and drug-free when arriving for and while on duty. Contractor's employees are prohibited from the manufacturing of, being in possession of; using, distributing, or dispensing of any controlled substance, including alcohol, while on School District property
- Punctual
- Well-groomed and in uniform

Contractor shall maintain attendance records which indicate "log" in at the beginning of their shift and "log" out at the end of their shift each day in a designated location. This requirement is to enable School District staff to determine which of the Contractor's staff is in each Facility at any given time. This requirement shall not apply to the supervisor/project manager who is performing inspections and/or moving from building to building.

At no time shall the Contractor's personnel do any of the following:

- Congregate or have food/drink in unauthorized areas
- Disturb papers on desks, open drawers or cabinets, use or tamper with personal property owned by the School District employees
- Leave security products and/or equipment unattended
- Play radios, or other similar devices, at a volume that is audible in other areas of the building
- Use any School District equipment (i.e.: telephones, computers, copiers, TV's) that is not required to perform duties as detailed in this RFP or Contract

- Use or remove any School District owned equipment or supplies outside of Ecorse Public Schools owned facility

No visitors, spouses or children of the Contractor's employees will be allowed at the work site during working hours unless they are bona fide employees of the Contractor or they receive prior approval from the School District's designee.

EMPLOYEE PERSONNEL FILES

The Contractor awarded the Contract will be required to provide the School District with a copy of the employees' files for all of the Contractor's regular employees assigned to the School District. This requirement is primarily intended to ensure that all required employee background checks have been completed, and to provide results of training and drug testing.

Some examples of required documents are as follows:

- Application
- Drug screening results
- I-9 form along with a copy of the employee's driver's license and Social Security Card
- Results of FBI and State police record checks
- Proof of initial and follow-up training

As in the case with the Schools Districts' own employee personnel files, this information will be held in the strictest confidence.

EMPLOYEE SELECTION

All of Contractor's employees will be required to have a criminal background check prior to working on at any Facility of the School District. The School District's designee will be the final authority as to whether such employee may provide services to the School District based upon the results of such background check. The School District reserves the right to interview all candidates before placement in our Facilities.

The Contractor shall, at a minimum, perform the following pre-employment screening procedures before recommending the placement of all regular and substitute employees in School District Facilities:

- Employee background and reference checks
- Drug and Alcohol testing as approved by the School District
- FBI and State Police record checks – Any felony convictions will disqualify personnel from placement in the District

All applicants being considered for employment must meet the criteria set forth by the United States Department of Immigration and Naturalization.

ABSENTEEISM

Employee absenteeism can significantly and adversely affect the quality of services received by the School District. The Contractor must maintain a pool of trained and qualified substitutes with the required background checks, available at short notice, to ensure that the School District is adequately staff in the event of illness or injury. It is expected the Contractor will always operate with a full complement of staff. Days that are not fully staffed.

The Contractors invoice will be deducted by the contract hourly rate as well as a charge for the liquidated damage cost. The Contractor must also keep track of its absenteeism rate, upon request; this data must be provided to Ecorse Public Schools. The approximate hours needed are listed as Appendix C and the invoice will be based on the hourly substitute rate. This total shall be included in the base bid. If Ecorse Public Schools' need surpasses those listed, then the Ecorse Public Schools does not utilize the hours as bid, Ecorse Public Schools will receive credit for those hours multiplied by the hourly rate.

The Contractor is required to inform the building principal and the District's designee when there will be a change of employees for absence purposes. If the absence is expected to last more than three (3) consecutive work days, the Contractor is also required to inform the School District's designee.

If the Contractor's supervisor/project manager is unavailable under the Contract for any substantial period of time (i.e., more than three consecutive work days), the Contractor shall immediately inform the School District's designee of the absence, the reason for the absence, and how the Contractor will ensure completion of the supervisor's/project manager's work.

The School District reserves the right to audit payroll records and/or time cards of the Contractor and its employees.

SEXUAL HARASSMENT

The School District is committed to providing a positive environment for all students and staff. Sexual harassment, whether intentional or not, undermines the quality of this educational and working climate. The School District has a legal and ethical responsibility to ensure that all students and staff can learn and work in an environment free of sexual harassment.

Consistent with state and federal laws, this right to freedom from sexual harassment has been defined in School District policy by the Board of Education. Failure to comply with this policy could result in termination of the Contract without advanced notice. Further information regarding this policy is available.

SMOKING

The School District prohibits the use of tobacco in school buildings or on school grounds. This prohibition applies to all contractors and workers on school grounds and to all forms of tobacco products. The Contractor shall be responsible for the implementation and enforcement of this requirement.
